## FOREST RETREAT

Welcome to "The Chapel"

### Contact

**Office:** 02 6554 3162

**Gatekeepers Cottage:** Half way down the main driveway on the left, we do not keep set opening hours however we are always contactable by phone or email.

**After Hours or Emergency, call Nick:** 0419 881 052

**Email:** [cfr@cfr.com.au](mailto:cfr@cfr.com.au)

### Check out - till 10:00

Please take the key to Gatekeepers Cottage on departure. We are unable to accommodate late check outs as our cleaners travel long distances and have a short window in which to clean the houses.

### Spa pool

The spa pool is there for your enjoyment; please help us maintain the water quality by following a few simple rules to keep the water clean and clear:

- **Always shower before entering**, the water quality will deteriorate quickly if you do not.
- Do not use soap or shampoo
- Do not eat in the spa
- Do not use glassware
- When the spa is not in use, please leave the cover on to maintain the temperature.

As we are on tank water, please help us to conserve this precious resource by following the above rules.

If we have had to "dump" the spa due to the previous guest's misuse, the temperature can take a while to come back to 35 degrees. Please be patient as there is nothing we can do to speed this process up.

If the noise of the spa bothers you, there is a switch on the left side of the spa (as you walk down the stairs) to turn it off.

## FOREST RETREAT

If you are staying longer than 2 nights, we suggest adding a scoop of spa sanitiser (located in the laundry cupboard) every day after two days.

### **BBQ**

Gas BBQ's are a fire hazard. Please familiarise yourself with the location of the fire extinguisher (in the kitchen cupboard above the microwave) and do not leave lit BBQ's unattended. If the gas bottle happens to run out during your stay and we are not on site, there are full spare bottles outside the Gatekeepers Cottage.

### **Combustion heater**

To light the fire: Slide the lever to the right to turn the fire up, place one or two bricks of the provided fire lighters under some small pieces of wood, as it catches, add progressively larger pieces. A reasonable amount of firewood is provided over the cooler months. If any extra is required it can be collected from the wood pile around the corner from the Gatekeepers Cottage free of charge (containers provided, please return after use). **On the morning of your departure please refrain from stoking the fire**, hot coals then have to be disposed of and create a fire hazard.

The internal fireplace can get hot. Please take care of your children. Never dry clothes, shoes or place anything on top of the fireplace.

### **Rubbish**

Rubbish and recycling receptacles are provided outside the house, if you wish to empty these you can do so in the bins at the entrance to the retreat.

### **Smoking**

The Chapel is a "non-smoking" house. If you must smoke, please keep it contained to outdoor areas and consider the risk of fire when disposing of rubbish.

## FOREST RETREAT

### Towels and Linen

To be kind to the environment, please leave only dirty towels on the floor of the bathroom. Please do not wash the sheets or towels in the washing machine before your departure; they are washed commercially to conserve water.

### Supermarkets

The closest supermarket is the small Foodworks in Nahiab (15 minutes south, on the highway). There is a Woolworths in Tuncurry, Forster and Taree and a Coles in both Forster and Taree. There is also a large Foodworks in Hallidays Point.

### Activities

**Bushwalking:** Please see the attached map for a great bushwalk which will take you around 1:30. This single track contains steep, sometimes slippery sections. If you are not confident, simply turn left outside our white gates down Coates Road which will lead you to some beautiful remnant rainforest. Always take your phone with you if you decide to go out in the bush. There are lots of bush walks which we hope you will enjoy, however please take care. Make sure you know where you are going and how to get home. Keep clear of snakes and check yourself for ticks.

**Mountain Biking:** Google Maps is a great resource for local area mountain biking if you want to go further afield than the attached mud map. Some of the best mountain bike trails in NSW are around 25 minutes' drive in Tinonee. For information head to [www.tipriders.com](http://www.tipriders.com). We have found the Trailforks app to be very helpful.

**Tennis:** The main tennis court next to the pool is available for guests to use, racquets and balls are in the pool shed next to the court, **please return after use**. If you would like to play at night, the light switch is located inside the pool shed (on the far side of the timber pillar). The court at The Summerhouse is for the exclusive use of their guests.

**Swimming:** The swimming pool is available for the exclusive use of our guests; it is not heated so best used over summer.

Please see the attached property layout for the pool and tennis court location.

## FOREST RETREAT

There is a collection of board games and DVD's under the TV.

**Horse Riding:** Please contact the office for available horse riding options.

### Dining

**The Nابیac Hotel:** (15 minutes away) does a decent pub meal, they have a courtesy bus that can be booked on 0428 541 242. It operates on Tuesdays from 5:00 and Friday/Saturday from 3:00.

**The Point Tavern:** (Hallidays Point, 25 Minutes) is recently renovated and has a kid's playground.

**Spice Monkey** in Forster is an Asian Fusion restaurant which we highly recommend, next door is Reef Bar Grill which is also very good. As you come across the bridge into Forster they are both located in the first building on your right.

**Valley View Farm & Co:** (Rainbow Flat, 20 minutes away) a gorgeous new café using local produce open Wednesday to Sunday.

### Dogs

We welcome well behaved dogs with prior notice. Thank you for respecting our rules; not allowed on furniture, not allowed on carpeted areas, sleep on own bed, pick up dog poo.

The owners of The Chapel have made a substantial investment into their holiday home. Please treat it as you would your own and keep wear and tear to a minimum. If your dog suffers from separation anxiety please do not leave them unattended. We ask that you maintain the relaxing sanctuary of the retreat and not allow your dog to bark excessively.

There are paralysis ticks in the bush; they are most common in spring and summer. Please make sure your dogs have appropriate protection against ticks.

If you go off the property and take a dog with you, make sure it is under your control.

There have been problems with dogs wandering into the horse pastures in the past, be sure to keep your furry friends close.

## FOREST RETREAT

### **General**

Please do not climb on or try to use any farm equipment.

**Most importantly, if you need anything during your stay please don't hesitate to ask. This is an incredible area which we want you to make the most of!**

### **Emergency Evacuation**

In the event of an emergency that requires evacuation, you will hear three short bursts from an air horn, followed by ten seconds of silence, then three more bursts. Please immediately proceed to reception where your name can be recorded before you leave the property.

### **About Clarendon Forest Retreat**

The retreat was started in the mid 1990's by dividing 100 acres off the surrounding 1000 acre property (which used to be a dairy farm). Slowly the blocks were sold and built on by individual owners. We are lucky enough to have a German Master builder, Walter Duber living down the road. His wife Giesla designed most of the houses and Walter built them with locally sourced materials. Clarendon is unique in that we are surrounded by 16,600 hectares of State Forest and Nature Reserve. The layout is a product of the initial owners desires to create a peaceful, private and relaxing environment.

We are blessed with an abundance of wildlife including various wallaby species, reptiles, and we have even seen the occasional sugar glider. If you are walking in the bush, be sure to keep your eyes up and on the lookout for koalas. The area is a bird lover's paradise with a huge amount of parrot species, kingfishers, owls, tawny frog mouths and wrens to name a few.

The night sky is quite something to behold on a clear night, make sure and take the time to go out after dark and check it out!

We hope your stay affords you the opportunity to relax, recharge and reconnect with nature and one another.

## FOREST RETREAT

### Explore Our Region

#### Golf

**Tallwoods Golf Course:** The Boulevard, Tallwoods Village 6559 3366

Located 20 minutes from Clarendon Forest Retreat, Tallwoods Golf Course was designed by Dr Michael Hurdzan, winner of the 2002 Donald A Rossi award by the Golf Course Builders Association of America and Golf World Magazines Architect of the year in 1997. Tom Ramsey, renowned golf writer and judge on US Golf Magazines Top 100 Courses in the World, said of the Course, “a short drive from the glorious beaches of Forster on the NSW holiday coast is a fine championship course weaving through the residential development. It is an interesting design which fits well into the terrain with stunning views from the higher tees.

**Forster Golf Club:** Strand St, Forster 6554 6799

One of the friendliest seaside courses on the Mid North Coast, the Forster course attracts a large number of social golfers year round. At 4868 metres, Par 66 for the men and Par 68 for the ladies, it’s generous fairways and forgiving rough are major factors in attracting golfers out for an enjoyable experience.

**Tuncurry Golf Club: Northern Parkway, Tuncurry 6554 7622**

The Tuncurry course is the hidden gem on the Mid North Coast, and very few players leave this course untouched by its natural beauty. It was designed by Kel Nagle and Mike Cooper and carved out of the seaside bush land in Northern Tuncurry by the members. The championship layout is sure to test golfers of all skill levels.

**Harrington Waters Golf Club:** 41 Josephine Blvd, Harrington 6556 0404

This outstanding venue is surrounded by picturesque wetlands, immaculate layout conditions and aesthetics will make your golfing experience one to remember. With beautifully manicured couch fairways, 328 couch greens and strategically placed bunkers winding through a course with a wide array of wild life on display, you will be care free as you tackle this challenging layout

**Taree Golf Club:** 121 Wingham Rd, Taree 6539 4000

Club Taree Golf Course is endowed with twenty-one holes allowing the playing of two courses. Normal competition is staged on the “Full Course” over eighteen holes embracing both sides of Wingham Road with a road underpass for golf traffic.

## FOREST RETREAT

**Wingham Golf Club:** Richardson Street, Wingham 6553 4761

Wingham Golf Course is a picturesque 9 hole golf course with open fairways and a great opportunity to hit a driver off most tees. With slightly undulating greens and fairways, the course provides an excellent mix of diverse holes which complement the natural slopes of the terrain, making it a pleasure to play.

### Aquatic and Coastal

**Fishing** is extremely popular in the area, with flathead, leather jacket, whiting and bream being the most common catches.

If you are keen to try some local spots, there is plenty of wharf, beach, break wall, lake, rock or shoreline fishing spots to be found.

You can get your Recreational Fishing License online or by calling 1300 369 365

**Surfing:** Great Lakes Surf School 0427 823 029

**Paddle Boarding & Diving:** Forster Dive Centre 11-13 little St, Forster 0416 168 542

### Beaches

**Diamond Beach** is a gorgeous 6 kilometre-long beach that's ideal for surfing, fishing, walking and watching dolphins frolic offshore. A walking track takes enthusiasts from Diamond Beach through to Shelley Beach in the south.

**Black Head Beach** is a multi-award winning beach under the Keep Australia Beautiful Program. It is patrolled during summer and regarded as one of the best swimming beaches in the Manning Valley. It features shady Norfolk Island Pines, an ocean pool, excellent fishing opportunities, picnic areas, and barbecues.

**Forster Main Beach** fronts an area of 563m from Forster Break wall to the Forster Ocean Baths. It is a protected beach, making it ideal for families. There is generally not large surf, but if it does get big it has adjacent Ocean Baths.
